## Pegs, Laths & Shingles

We produce both sawn & Riven lath for plastering. Riven tends to be for ceiling work but will work just as well for walls, whilst sawn is good for walls and surfaces other than ceilings. The laths come in bundles of 50 pieces, prices as follows:

		£/linear ft	£/linear m	£/m <sup>2</sup>
Riven Chestnut	¼" x 1 ¼" x 3ft/ 3ft6/ 4ft	28p	93p	23.25
Sawn Chestnut & Oak	¼" x 1" x 4ft/ 8ft	9p	30p	12.00
Sawn Larch & Scots Pine	¼" x 1" x 4ft/ 8ft	6p	20p	8.00

£/m<sup>2</sup> prices are calculated with a 5mm gap. Sawn lath can be cut to custom sizes - prices on request call 01730 816941  
These prices are for orders under 10,000ft. Laths can be delivered anywhere in the UK by pallet.

## Carpenters Pegs

These pegs used in the construction of timber frame buildings and vary according to the requirement. The three types we can supply are as follows:

Description	Diameter	Diameter x length	£/peg
Dowel peg Hand driven through a dye to produce a smooth round cylinder – use where a constant diameter is required NB: The diameter quoted refers to the recommended auger size	1/2"/13mm	up to 10" /250mm	1.35
	5/8"/16mm	10" /250mm +	1.35
	3/4"/19mm	11" /275mm +	1.40
	3/4"/19mm	16" /400mm	1.80
	1" /25mm	12" /300mm +	1.60
Drawn peg Hand cleft whittled down to produce a tapered, roughly hexagonal peg – commonly used framing joints ND: The diameter here refers to the dye	1/2"/13mm	10" /250mm +	1.20
	5/8"/16mm	10" /250mm +	1.35
	3/4"/19mm	10" /250mm +	1.40
	1" /25mm	10" /300mm +	1.60
Square peg Square section designed for use in ¾" hole - for location rather than bonding	5/8" /16mm x 5/8" /16mm	16"	1.20

## Shingles (Shakes)

These hand cleft Oak tiles for cladding roofs or exterior walls are unique and durable and need no treatment from weathering. As with all exterior Oak they will season to a silvery grey after a couple of years. The shingles are generally cut to 300mm (+/- 30mm) and have random widths between 75 – 125mm. The following details include the Cedar and Chestnut options and are based on a 115mm gauge:

Description	Length /Overlap / Exposure	Coverage or linear metrage per bundle	Width mm	£/bundle
Eng Oak shakes	325 /210 /115	1m <sup>2</sup>	75-125	poa
Eng Oak shake ridges	325 /210 /115	1 lin.m	150+	poa
Eng Chestnut shakes	325 /210 /115	1m <sup>2</sup>	75-125	poa
Eng Chestnut shake ridges	325 /210 /115	1 lin.m	150+	poa
N.Am Cedar shakes	600/ 410/ 190	1.8m <sup>2</sup>	75-250	poa
N.Am Cedar - sawn shingles	400/ 275 /125	2.2m <sup>2</sup>	75-250	poa
N.Am Cedar - sawn shingle ridges	400/ 275 /125	4.5 lin.m	100	poa
UK Cedar - sawn shingles	300/ 200 /100	1.0m <sup>2</sup>	100	poa

All the prices are excluding VAT and delivery and some products would require lead time depending on what stock we have or how fast we can cut them! Please note that we can supply the majority of these items via a mail order service although smaller orders may incur a fee - call us to find out.
